

## **Respect**

by Gene Short

What we gonna do when the sun come up?  
Respect one another  
What we gonna do when the sun go down?  
Respect one another  
What we gonna do if we feelin' low?  
Stop!  
I think you know  
Respect one another

What we gonna do when we sit in the class?  
Respect one another  
What we gonna do when we stand in the line?  
Respect one another  
What we gonna do when it's time to go?  
Stop!  
I think you know  
Respect one another

Let's all respect one another  
Let's all respect one another  
R-E-S-P-E-C-T  
I'll give it you, you give it to me  
Respect one another

What we gonna do if they call you a name?  
Respect one another  
What ya gonna do, don't treat 'em the same.  
Respect one another  
What ya gonna do, friend or foe?  
Stop!  
I think you know  
Respect one another

Let's all respect one another  
Let's all respect one another  
R-E-S-P-E-C-T  
I'll give it you, you give it to me  
Respect one another

Let's all respect one another  
Let's all respect one another  
Let's all respect one another  
Let's all respect one another
